Ohio Weather Notes

Wilmington 10NW #125 (Clinton County) Aaron Hohenbrink - December was a wetter than normal month. The month started out fairly warm but by the end of the month, it was colder than normal. Blizzard warnings were in effect on the 26th for areas just NW of me. My location ended up getting a mixture of sleet, snow, rain, and freezing rain which kept snowfall totals down considerably.

Zanesville 6N #48 (Muskingum County) Thomas Ruggles - A warm finish to a warm year. December temperatures averaged about 5° above normal.... Precipitation for December was about twice normal and brought the annual total to near normal. Snowfall has exceeded last winter season already.
